

NOTICE: To fulfill dog enumeration requirements, the Town of Darien will be conducting a physical census of dogs beginning mid-September 2021. Per NYS Law, all dogs shall be licensed in the municipality they are harbored in. Any dogs found during the enumeration that are unlicensed will need to be licensed and will be required to pay an additional enumeration fee. If your dog is not currently licensed, you may stop into the Town Clerk's office to license your dog prior to the start of the enumeration to avoid the additional fee. To license your dog, you will need to supply proof of rabies vaccination and spay/neuter; license fees are \$5 for each spayed or neutered dogs and \$13 for each intact dog. If you are unsure if your dog is currently licensed, please contact the office at 585-547-2274 ext. 1026.
