

# ATTENTION DARIEN TAXPAYERS!!!!

With the Genesee County Legislature's decision to **STOP** Revenue Sharing (Sales Tax Sharing), they have cut the Town's budget by approximately 75% for 2020. What does this mean? If the Town were to continue into 2021 with the current budget, we would have to increase from a \$0.00 tax rate to implementing a considerable town tax. We, as your elected Town Board Officials, are taking steps to try to prevent this increase. This will not be easy.

Contact the following people and express your thoughts. Legislator Gordie Dibble 585-762-8667 and Legislative Chairwoman, Rochelle Stein 585-233-8372/585-768-6108. The County has put us in this position. You need to let them know how you as taxpayers feel, tell them to share the County Sales Tax with the towns, and tell them to put an agreement on paper for the future.
